Midway Boosters present a $30,000 check to Mayor Connie Tatton, to help with the cost of the recent renovation of the Midway Town Hall.

The generous contributions of time and talent of the 30 board members of the Midway Boosters provide for many other projects and improvements to Midway City facilities and programs that would otherwise be left undone or result in higher city operating expenses and property taxes.

Midway Boosters, Inc was organized in the 1940's as a not-for-profit corporation and established a charter and mission statement to provide volunteer resources for the benefit of the community.

Under the direction of the Midway Boosters the following activities are produced annually: Midway Swiss Days, Midway Swiss Miss, Swiss Christmas, Creche, 4th of July program, Honored Citizens, Scholarship program, and Midway Beautification.

Joseph Linford, John Probst (Midway Boosters President), Fred Thomas present a $30,000 check to Midway Mayor Connie Tatton last week. The Midway Boosters gave funds to help support the Midway Town Hall renovation project.

program begins at 7 AM with music and speaker, followed with a Pioneer Breakfast. They will also be honored at the annual Midway Swiss Days Celebration August 31st - September 1st.

Midway has been the home of this couple for many years, and they have a great and abiding love for the beautiful valley and town. Ancestors of both Dennis and Georgia Dawn were early settlers in the valley, helping to build it and to raise their families here, contributing much to the present spirit of the this good place.

Dennis was born in Heber City to Almon and Geneva Dennison Clegg. He grew up and attended school here and was an excellent student. He learned to play the trumpet early and was a member of the band all through his school years. Dennis directed choirs and conducted music in all the places the couple has lived. He regularly is call upon to play TAPS at the graveside services throughout the valley, a service he is honored to give.

Georgia Dawn was born to George and Jennie Pyper Johnson. Her parents and both sets of grandparents made their home and raised their families in Midway. While in school, she become proficient in typing, shorthand, and bookkeeping. Skills she has used through out her life. Georgia Dawn was the scribe for Stake Patriarch Ralph Giles, typing and recording hundreds of blessings. After their children were grown she worked as a receptionist at the Wasatch Medical Clinic for 26 years.

It was in high school, that Dennis and Georgia Dawn met; in Eva Wilson's English class. It wasn't exactly "love at first sight" but because "this girl" had laughed at his book report, which was not funny at all, it began a friendship which blossomed into love.

Dennis attended BYU where he studied history and geography. After a year of schooling, he received his mission call to Texas/Louisiana serving there for the next two years. In the meantime, Georgia Dawn was employed by Wasatch County as Deputy Clerk and Recorder during her senior year and after graduation took evening classes at BYU. In time she also received a mission call, the North Central States Mission, serving in Minnesota and Ontario, Canada and serving for a time as secretary to the Mission President.

After returning from their missions they were married in the Salt Lake Temple by President Spencer W. Kimball. In August of this year, they will celebrate their 60th wedding anniversary. Dennis returned to classes at BYU, until he was drafted into the US Army, and deployed to Heidelberg, Germany, where he worked in the Army Signal Corps communication center, decoding and sending messages all over Europe. Georgia Dawn was able to join him in Heidelberg, where they had many great experiences traveling throughout countries there.

Upon their return to beautiful Midway, Dennis built the house they now live in and returned to BYU. Dennis received a Bachelor's Degree in history and Geography and also a Masters Degree. Dennis taught at Wasatch Junior High and High School for 34 years. He served on the Midway City Council for 12 years and also as president of Midway Boosters. Both Dennis and Georgia Dawn were members of the Swiss Chorus for many years, (Dennis for 50 years), and were part of the the Handbell Choir for many years as well. They both love the excitement and fun of the yearly Swiss Days Celebration working in the booths, etc. They did miss two years when they lived in Nauvoo, Illinois where they served as full-time Temple Missionaries. Presently, they work in the Provo Utah Temple, serving there for nearly 20 years.

Their 6 children: Jeanine Clegg, Carol and William Poulter, Keith and Carol Clegg, Jonathan and Julie Clegg, Melvin James, and James and Calleen Clegg enjoyed growing up in Midway. With 23 grandchildren and 10 great grandchildren, there are 13 Eagle Scouts, and 23 have served missions for the LDS church.

Midway Art Association

The Midway Art Association (MAA) membership comprises painters, art enthusiasts and art advocates who encourage creativity, skill development and promotion of art events in Wasatch County, Utah.

The Wasatch Plein Air Paradise (WPAP) is our signature summer event held every year in conjunction with the July 4th celebrations in Midway, Utah. Monthly MAA educational meetings include demonstrations and talks that range from painting to sculpture to the latest technology for creating art. The MAA sponsors several one- to three-day workshops throughout the year featuring well-known artists who instruct and critique participants work in small groups.

Our annual MAA Fall Retreat emphasizes the Russian Impressionist style of portraiture, and still-life and features costumed models and beautiful still-life arrangements. The Midway Town Hall becomes a temporary art haven and studio for drawing and painting throughout this three-day event.

While art is so often a solo challenge for the artist, the MAA offers some wonderful opportunities for artists and those who love art to get together to socialize, paint and to share their ideas and skills.

Community Service

The origin of the Swiss Days event date back to the late 1940's as the harvest was being completed, local farmers and ranchers got together for a celebration of bountiful harvest.

"Harvest Days" became Swiss Days and presented the opportunity to dress in the traditional clothing unique to the canton or region of Switzerland where our ancestors were born.

Midway Boosters, Inc was organized at a not-for-profit corporation and established a charter and mission statement to provide volunteer resources for the benefit of the community.

As Swiss Days grew into a major event and attracting tens of thousands of visitors to our beautiful high mountain town, various groups donated their time to prepare food and beverage for our guests. Our guests were more than happy to pay for this taste of Swiss cuisine and the Boosters found a little extra money left over after paying all the operating expenses of the two-day event.

The Midway Boosters began to use this event to raise funds for community projects such as sponsoring the 4th of July parade, the nighttime fireworks display and decorating the streets with the American Flag's. The Boosters produce the annual community Christmas Party known as "Swiss Christmas"

In 1998, the Midway Boosters made financial contributions to enable many talented young local high school students participate in educational trips to Washington, DC. The Boosters assisted the Snake Creek Preservation Group in acquiring land in the area for a permanent "open space easement" for future generations to enjoy the beautiful Wasatch Mountains unencumbered by mining and real estate development. The Boosters purchased a portable defibrillator and presented it to the Wasatch County Sheriff's department and Fire District. This emergency unit along with the volunteer EMT's responding the 911 calls has saved lives of stroke and heart attack victims due to the rapid response time.

In 1999 and 2000, The Boosters donated over $ 60,000 for the remodeling of the restrooms, kitchen and upstairs meetings rooms in the historic Midway Town Hall. 300 new folding chairs and storage racks were also purchased for the Midway Town Hall. Boosters sponsored the "End of the Century" 1999 News Years Eve party and fireworks display for the community. The generous contributions of time and talent of the the 30 board members of the Midway Boosters provide for many other projects and improvements to Midway City facilities and programs that would otherwise be left undone or result in higher city operating expenses and property taxes. A community ice skating rink on the Midway Town Square opened for the 2004 winter season.

THE MIDWAY TRADING PINS
(August 2011)

Gayle and I were elected to the Board of Trustees of Midway Boosters, Inc. soon after we arrived to live full time in Midway in 1999. We served for two terms of three years with 15 other couples with a few terms expiring each year and new couples coming on. It was a great experience for us and really helped us become integrated into the community.

Midway Boosters is a non-profit community organization with responsibility for Swiss Days, Swiss Christmas, July 4th celebration, The Social Hall/Cannery and other tasks. Gayle and I soon noticed that there was a demand for souvenirs of Midway and Swiss Days but no real plan in place to provide them. We suggested that the Boosters have its own booth at Swiss Days. The idea was accepted by the board and we were asked to head up the project. We designed logos, identified merchandise and arranged for a booth the summer of 2000 and here we are 12 years later on the eve of Swiss Days and we still have a robust merchandising effort which meets demand and raises additional funds for the good of the community.

This merchandising effort and its convergence with planning for the 2002 Olympics opened up our vision to trading pins. One of the traditions of the Olympics is to produce a variety of trading pins featuring many aspects of the locale of each Olympics. Since approximately one-third of the events of the Salt Lake 2002 Olympics were to be staged at Soldier Hollow on the edge of Midway, there was interest in producing Olympic pins featuring Midway and Soldier Hollow. Gayle found our way into that arena, got help from experts, and designed four Olympic pins, namely the Town Hall, Swiss Days 2002, the Welcome to Midway Sign, a Silver and a Gold Soldier Hollow Cross Country Skier. The pins were very popular and many were sold. The Swiss Days 2002 pin was unique in that it commemorated dual events, namely the 2002 Olympics and the 2002 Swiss Days. Each 2002 Swiss Days pin had a different serial number from 1 to 2002. We soon learned that serial numbers are highly desired by collectors and we had a lot of fun trading them. We preserved for Midway Boosters pins numbered 1 and 2002 and they have been mounted and framed for posterity.

While we were working on the Olympic pins early in 2000, we had the idea to start a Swiss Days pin series for Swiss Days that year. We thought it would add special value to any collection to have a significant event like Swiss Days which had endured since 1947 and the beginning of a new century. We were running out of time and we could not use the Olympics infrastructure to help so we sought out Everen T. Brown in Salt Lake City, who helped companies with special merchandise. He was not an expert on pins but he helped us design and order our first pin. It was a decal of a Swiss Days Coat of Arms fastened to a gold pin. It was not much, but it got us started.

For 2001 we went back to Everen T. Brown and with more time we ordered a triangle shaped pin with a Swiss flag, but after ordering it we heard that it may not be finished in time for the 2001 Swiss Days. So we quickly ordered a square pin with the same triangular Swiss flag only smaller. To our delight they both arrived before Swiss Days, so

we offered two 2001 pins as the second and third in the series. No one seemed to mind and we appeared to be on our way.

We already had on hand the 2002 Olympics/Swiss Days pin featuring the Town Hall, so we had the fourth pin in the series and we essentially sold all of them by the end of Swiss Days 2002.

We then wondered what design we would use for the 2003 Swiss Days pin. We had many ideas, but settled on an oval design featuring the new Legacy Bridge over the Provo River east of Midway on the way to Heber City. The bridge had been constructed as an Olympics project and it made a classy pin designed as an overlay, or double overlay as we sometimes called it.

The 2004 pin commemorated the Homestead, which has made Midway famous and which was developed by the Schneitter family in the late 1800's. The pin was an upright rectangle with rounded top edges featuring one of the old building with a carriage in front, having a wheel that turns. The turning wheel was unique and it contributed to our collection as the sixth pin in the series.

The seventh pin for the 2005 Swiss Days was round in shape and featured the English architecture from the Lethe Tadge home and the three Bonner homes on the corners of 100 East and Main Street. This was a classy pin which resonated with many residents even though the Swiss/Bavarian architecture is more prevalent. We ordered only 100 or so of the early pins, excluding the 2002 pin. We started ordering more as the demand increased first 200 and then 300 in the later years. We knew that limited editions add value to pin collections and that was part of the plan to add value to our collection.

While we were on the Booster Board through about 2005 we just handled the design and merchandising through the Booster Booth at Swiss Days and Swiss Christmas. After we left the Board they asked us to keep on with the project from the outsides and we have done this ever since. We came to realize that selling only one pin each year was too limited so we included a magnet and key chain of the Homestead with the 2004 pin but they did not sell very well. We then began to order more pins so we could offer the new one and pins from the last couple or three years. Since that time we have been selling between 400-600 pins each Swiss Days the past few years.

The 2006 Swiss Days pin was a square with rounded top edges featuring the CB Barn in double overlay. This was a very popular pin with the bright red barn that is within one-half block of the City offices. We had especially high demand from the local citizens, but other collectors liked the design as well.

We receive requests from time to time from groups holding meetings at Zermatt and the Homestead for souvenir pins to give to their attendees. We chose not to use our Swiss Days pins so we decided to print a new pin featuring our welcome signs as you enter Midway. This was similar to the Olympic Welcome pin, but a little smaller and had a dangling bell beneath the sign as did the Olympic Welcome pin. This is not a limited edition

and we will reprint if needed, but we still include both of these special use pins as part of the series.

The 2007 Swiss Days pin featured the Midway City offices with their bell tower. This was also in double overlay and similar in shape to the CB Barn, but larger. We also determined that we still needed more pins to sell so we came up with a design similar to the 2001 triangle pin with the Swiss Flag to commemorate the 60th Anniversary of Swiss Days, 1947-2007. While the design was similar we printed it in gold rather than silver and changed the design of the banner over the flag. This pin design is very popular with collectors. This pin is also not a limited edition, so we can print more if needed, but we hope it can be used for years, perhaps for 15 years until the 75th anniversary.

The 2008 pin featured the Edelweiss Art Gallery owned by Sherry Omans adjoining the old Social Hall on Main Street. She has retained the old design, but maintains it as a very nice addition to the flavor and architecture of Midway City. This was originally a small residence for a blind man who would prepare refreshments and sell them through an opening in the wall to the Social Hall.

In recent years the City, under the leadership of Mayor Connie Tatton, has been placing bell towers at the entrances to the City. One appears on the east entrance coming from Heber City; another appears in a roundabout on River Road on the north by the Kohler Dairy and Burgi Lane. We decided to feature the bell towers on our 2009 pin. This was an upright oval design with mountains in the background and flowers in front. Most of the pins display a Swiss or American flag. In more recent pins we try to place both American and Swiss flags.

The 2010 pin featured the Midway Mercantile building on the northwest corner of 100 East and Main. This building was constructed in the 1870's and exists as an antique shop today. It originally housed a business for the Bonner boys, who with their father occupied the English architecture homes on the other three corners of that intersection which were featured on the 2005 pin.

This week we will unveil the 2011 Swiss Days pin featuring the Blue Boar Inn on Warm Springs Road near the Visitors Center of Wasatch State Park. This Inn has captured the essence of the Swiss/Bavarian architecture and enjoys a fine reputation for its lodgings and its fine restaurant.

Midway, UT

Located in the beautiful Heber Valley, Midway was first settled in 1859 by English immigrants, and shortly later by Swiss settlers who felt right at home in the beautiful alpine setting.

Today the culture, values and many of the rich traditions of the original Swiss settlers continue and thrive. Many homes are built in a style reminiscent of Swiss architecture and feature painted cornices and pastoral scenes similar to those found in Europe.

Midway is home to the annual Swiss Days Celebration, Swiss Christmas, Swiss Miss Pageant, Swiss Chorus, Swiss Belles and a fabulous nondenominational Crèche exhibit.

Historic Town Hall, located on the City Square, is home to our original design musical clock glockenspiel whose twirling Swiss figurines dance to the music of Swiss yodelers, delighting young and old alike. We invite you to come to our fair community to watch and listen to this rare and charming reminder of Old Switzerland amidst the splendor of our high alpine mountain home.

Charming Swiss Glockenspiel In Historic Midway, UT Town Hall

A "musical clock glockenspiel" is a group of ethnic figurines dancing or enacting a scene from the history of a city or country. There are several glockenspiels in Europe, the most famous one located above the Marienplatz Square in Munich, Germany. There are others located in Germany as well as Switzerland, Czech Republic and Japan.

The small Swiss community of Midway City, Utah is delighted to be home to an authentic Swiss–style glockenspiel. Originally installed in the town hall in 1987, the Midway glockenspiel has recently been rebuilt and is in operation daily to the delight of local citizens and the many tourists who visit our beautiful alpine mountain community.

Fill your Soul with the Spirit of Christmas

Town Hall – No Admission

Christmas Concert slated for December 17

SPECIAL TO THE WAVE

The Spirit of Christmas is alive and well in Midway, Utah. It's that great time of year when the Midway Boosters offer a free Christmas Concert as a gift the community. This year the program will be presented Monday, December 17th at 7:30 PM at the Midway Town Hall.

There is nothing like Christmas Music to stir the soul at this special time of year.

The Christmas Chorus is under the direction of Mike Malmrose of Heber City. Mike has been an inspirational director who, like the Pied Piper, has attracted a large number of great singers from all over the valley. He has also incorporated the Swiss Bells into more of the program as well as other instrumentalists to enhance the choral pieces. The evening promises to be an exciting event that will delight and entertain everyone in attendance.

The Swiss Belles, under the direction of Britte Hanks, are a tremendous addition to our community. As ambassadors of good will, the Swiss Bells have represented Midway in Canada, Nevada, Nauvoo, Wisconsin, as well as having been featured guest performers several times in the annual Kurt Bestor Concert in Salt Lake. (Kurt refers to Brine as "The Bouncing Norwegian". The Swiss Belles will perform a good portion of the program, and all those who are fans of the Swiss Bells will be thrilled by this concert. The Belles are always entertaining, but during the Christmas Season, they seem to be especially appropriate.

The one hour long program will be ....

Christmas Chorus: "It's The Most Wonderful Time of The Year," "Advent Gift," "You're A Mean One, Mr. Grinch," "Do You Hear What I Hear?," "Sleigh Ride," "Christ Child, Christ Child," and "Bell Carol of the Kings."

Swiss Belles: "March of the Kings," "Were You There?," "The Little Drummer Boy," 'Frosty the Snowman," "Go Tell It On the Mountain," "Carol of the Bells," "White Christmas," "Feliz Navidad," and "Parade of the Wooden Soldiers."

Finale- "Angels We Have Heard on High"- Combined Choir and Bells.

The program will be accompanied on the piano by Marilyn Larson.

You won't want to miss this delightful concert. This is a wonderful way for the family to enjoy a special Christmas Family Home Evening outing. Everyone is welcome. Bring your friends, neighbors and relatives and enjoy the spirit of Christmas in this inspiring musical Christmas program.
